PERSONAL PROFILE

A BSc in Computer Science with 5+ years of experience in developing and releasing iOS apps across a variety of industries. Seeking to leverage the problem–solving, teamwork and attention–to–detail skills in order to deliver world–class products.

SKILLS

- Software Development
- Mobile Application Development
- iOS Development
- Swift Programming Language
- UIKit
- SwiftUI
- Xcode
- Git
- GitFlow
- Teamwork

LANGUAGES

- Brazilian Portuguese (Native Proficiency)
- English (Professional Working Proficiency – IELTS Academic 2022 Grade 7 – CEFR C1)
- German (Elementary Proficiency)
- Spanish (Elementary Proficiency)

AWARDS

- Hackathon Winner – Economiza Alagoas Category (2017)
- Gold Medal in Paraiba Olympiads in Informatics – Advanced Junior Category (2013)

WORK EXPERIENCE

SOFTWARE ENGINEER

iTranslate GmbH, Austria | Jun. 2021 – Now
- Contributed to the company's overall product development using UIKit and SwiftUI
- Improved iOS, WatchOS apps' and App Extensions' codebases by fixing bugs and refactoring them opportunistically
- Endorsed code sharing by maintaining and improving the company's proprietary libraries as well as included third–party libraries via CocoaPods and SPM (Swift Package Manager)
- Implemented natively the client–side of REST APIs that communicated with the backend via HTTP or WebSocket connections using URLSession
- Researched newly released technologies at WWDC and engineered proof–of–concepts that were later included into the products' roadmaps
- Used SCRUM as the main agile methodology. Took part in daily, retro, sprint planning, refinement and estimation meetings.
- Applied the GitFlow workflow on Git throughout the repositories in the Github platform. Reviewed and shared knowledge on Pull Requests.
- Key Achievement: Implemented the main screen's redesign for the iTranslate's iOS app. After one month of wide–spread adoption, we have a rate of 99,05% crash–free users according to Firebase's Crashlytics.

Parkside Informationstechnologie GmbH, Austria | Feb. 2019 – May 2021
- Participated in client projects from their product's conception until its release on App Store
- Contributed to the development of iOS Apps for the Banking and Health Industries using UIKit and SwiftUI, alongside with third–party libraries such as CoreStore, Apollo Client, Moya, KingFisher and Lottie.
- Contributed to the development of a Backend–for–Frontend (BFF) application using NestJS and GraphQL for a client in the Banking industry
- Contributed to the development of a Progressive Web Application (PWA) using React and Redux for a client in the Hospitality Industry

EDUCATION HISTORY

UNIVERSIDADE FEDERAL DE ALAGOAS
Bachelor of Science, Computer Science, Nov. 2018

Red–White–Red Plus Card Holder with free access to the Austrian Labor Market.
